jetsimon.com | 250-880-4881 | github.com/JetSimon | jetjdsimon@gmail.com

Located in Vancouver, BC. Currently making one game a month.

Skills: C#, Unity, Java, Python, Vue, Javascript, Node.js, Express, React, Vanilla Web Stack

Previous Projects

Tavern - Algorithm learning site with a gamified RPG style twist - 2021

- Made in 24 hours for **nwHacks 2021** hackathon by four friends
- Redwood js, react, vanilla js, tailwind css
- My main task: character customization using SVGs to mix and match many different parts.
- I designed all art assets.
- We won honorable mention! (**Top 30 out of 776 entries**)

EthJack - Cryptocurrency enabled micro-site to allow user to gamble ethereum with friends - 2021

- Powered with **MetaMask API** (browser extension crypto wallet) to handle all ethereum transactions/data
- Uses vue and tailwind. Reusable, modular components..
- Made for my crypto-loving father on his birthday.

7 Second Haircuts - Hectic barber simulation game about cutting hair very quickly. - 2021

- Made using Unity (C#), Aseprite for art, and FLStudio.
- Made in 4 days for a game jam.
- Reached **#6th most popular** web game on itch.io, **20000+ plays**, reviewed on gaming sites.

Office Kiss: Edge of Humanity - Kissing transforms you. Cookie clicker but weirder/scarier - 2021

- Made using Unity (C#), Aseprite for art, and FLStudio.
- Made in 3 days for VimJam 2 game jam.
- Popular with indie horror youtubers. Has over **200k views** on youtube

Relevant Work Experience

Web Developer at 4Cats Arts Studio

2019 to present

- Maintained a wordpress site along with custom JS and CSS code
