

# Jet Simon

Web & Game Developer / General Maker of Things

[jetsimon.com](https://jetsimon.com) | 250-880-4881 | [github.com/JetSimon](https://github.com/JetSimon) | [jetjdsimon@gmail.com](mailto:jetjdsimon@gmail.com)

Located in Vancouver, BC. Proud 1GAM Completionist

---

*Skills: C#, Unity, Java, Python, Vue, Javascript, Node.js, Express, React, Vanilla Web Stack*

## Previous Projects

### Tavern - Algorithm learning site with a gamified RPG style twist - 2021

- Made in 24 hours for **nwHacks 2021** hackathon by four friends
- Redwood js, react, vanilla js, tailwind css
- My main task: character customization using SVGs to mix and match many different parts.
- I designed all art assets.
- We won honourable mention! (**Top 30 out of 776 entries**)

### 7 Second Haircuts - Hectic barber simulation game about cutting hair very quickly. - 2021

- Made using Unity (C#), Aseprite for art, and FLStudio.
- Made in 4 days for a game jam.
- Reached **#6th most popular** web game on itch.io, **20000+ plays**, reviewed on gaming sites.

### Office Kiss: Edge of Humanity - Kissing transforms you. Cookie clicker but weirder/scarier - 2021

- Made using Unity (C#), Aseprite for art, and FLStudio.
- Made in 3 days for VimJam 2 game jam.
- Popular with indie horror youtubers. Has over **200k views** on youtube

### Licensed Multiple Games to CoolMath Games - 2022

- Made changes to previously made projects to make them more kid friendly.
- Integrated CoolMath Games API into Unity projects.
- Pitched/negotiated licensing deals with CoolMath Games

## Relevant Work Experience

### Web Developer at 4Cats Arts Studio

2019 to present

- Maintained a wordpress site along with custom JS and CSS code
- Helped create an online learning service with SCORM integration using Unity and C#
- Streamlined and automated tedious day to day tasks using Python

### Quality Assurance at Owl Skip Games

2020

- Casually tested games for Tim Sheinman of Owl Skip Games (Family, Rivals)
- Provided detailed feedback
- "Instrumental" to the success of Rivals (articles in Polygon, The Guardian, and more)
